

30 Gyms in 30 Days: Gym-Hopping Plan

A month of varied sessions designed for a different gym each day, with what to train, what to look for and a checklist.

The idea

- Visit a new gym each day on a day pass. You train everything a gym offers and find the one you love before committing to anything.

Rotation (repeat for 30 days)

- Day 1 Strength: squat, press, row.
- Day 2 Cardio: intervals on three different machines.
- Day 3 Classes: book whatever is on at that gym.
- Day 4 Pull and core.
- Day 5 Legs and glutes.
- Day 6 Swim, sauna or stretch: recovery.
- Day 7 Rest or a long walk.

Rate each gym

- Busy at your time? Equipment you need? Clean changing rooms? Friendly staff? Price per visit? Distance from home or work?
- Score each 1-5 and keep a running top five.

Checklist

- Padlock, towel, water bottle, headphones.
- Photo ID if the gym asks.
- Download the day pass before you arrive.
