

50 AI Gym Reel Prompts

Copy-paste prompts for ScanGym Create, Sora, Veo or Kling: 50 vertical gym reels that look filmed, not generated.

How to use

- Paste one prompt into ScanGym Create (Video). Keep the 9:16 setting.
- Swap the [brackets] for your gym, city or outfit.
- Add 'handheld phone footage, natural light' if a result looks too polished.

Training moments (1-15)

1. Close-up of chalked hands gripping a barbell in a busy [city] gym, slow push-in, morning light through windows.
2. Woman finishing a heavy deadlift, plates rattle, she exhales and smiles at camera, handheld.
3. Overhead shot of a kettlebell swing in slow motion, sweat drops visible, warm tungsten light.
4. Man racking a squat bar, friend high-fives him, crowd noise, phone footage.
5. Battle ropes in a warehouse gym, waves frozen at peak, golden hour.
6. First-person view running on a treadmill facing a rainy [city] skyline.
